

The Rehabilitation Center at Monroe Community Hospital offers one of the most **respected** short-stay rehabilitation programs in the region, providing **individualized care** and treatment to people of **all ages** who have experienced disabling conditions as a result of an injury or illness. Our program features **around-the-clock medical and nursing care**, daily therapies, and professional support services.

About MCH

Located along the banks of the historic Erie Canal, Monroe Community Hospital is situated on a scenic 22-acre campus. Inside this landmark building, you'll find clean, bright rooms and hallways—the result of our extensive interior renovations. The entire facility is fully accessible, encouraging residents to be active, independent, and involved.

For more information, or to schedule a tour, please call our Admissions Department at (585) 760-6022.

Monroe Community Hospital Rehabilitation

Specialists Our Rehabilitation Pr

Our Rehabilitation Program specializes in treating individuals with diverse medical diagnoses ranging from joint replacements and fractures through strokes and spinal cord injuries. We care for individuals of all ages and are especially sensitive to the needs and concerns of senior patients. MCH is affiliated with the University of Rochester School of Medicine and Dentistry, and our in-house physicians and nurses are specialists in treating people with complex medical issues.

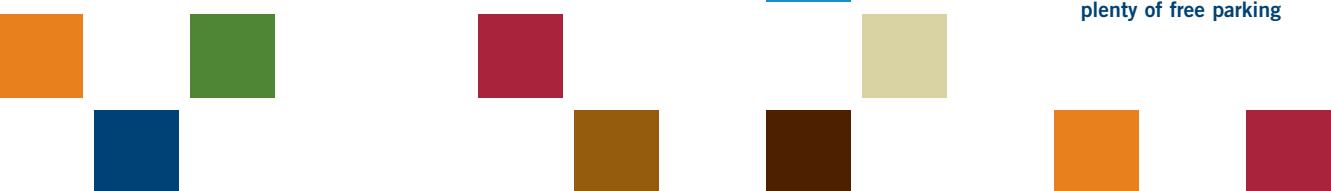

Team Approach

Teamwork is the hallmark of our Rehab

Teamwork is the hallmark of our Rehabilitation Program. Patients progress with the help of a dedicated team of physicians, nurses, social workers, dieticians, and therapists—all specially trained in rehabilitation. At the heart of our program is an exceptionally talented and caring staff, including full-time physical, occupational and speech therapists and experienced, compassionate rehabilitation nurses.

Personalized Care

The skilled staff members in our Rehabilitation Program work with patients one-on-one to help them reach their full potential to become self-reliant and independent. By providing personalized attention within a caring and supportive environment, our Rehabilitation Team has had tremendous success in helping patients regain their independence, enabling them to return to the community to resume their lives.

Program Features

In addition to a full range of therapy services, patients can take advantage of other program offerings and amenities located right here in our building. Quality dental care, eye exams, chiropractic care, and other clinical services are available in modern offices conveniently located within our building. A wide array of activities, programs, and services are also offered within the building, including a gift shop, library, art gallery, and activity lounge.
